Q·2 W

White LED flood blind strobe

Description

The Q-2 W is a compact and lightweight flood/blind/strobe with fast response, and controllable segments for pixel mapping applications. Sharing some of the key features of the Q-7 W, like wide angle lighting coverage, and a powerful strobe effect, the Q-2 W also includes the benefits of 12-segment pixel mapping control and low power consumption. Because of its efficiency, small size, and easy rigging options, the Q-2 W is a must-have flood/blind/strobe for any rental company, touring production, or corporate event.
