

VoiceBridge 2nd Generation

- ✓ No more speech delay thanks to ultra-fast processor
- ✓ Increased speech intelligibility thanks to two digital microphones
- ✓ Improved noise cancellation algorithm
- ✓ New loudspeaker for even more natural sound
- ✓ Simple start-up, thousands of times in use

NEW!

i The complete set "Standard" is especially designed for workplaces where staff is standing or sitting mostly in one place and does not move away from the intercom unit.

VoiceBridge

Set: Standard 2nd Generation

Clear voice clarity despite protective measures

To make communication as clear as possible in any environment despite protective masks, safety distance and protective walls, we have equipped the VoiceBridge with the latest available technologies.

Microphones

Suitable for larger speaking distances. No need to come closer or speak extra loudly.

Infrared sensor

Automatically detects when a customer is present. Hygienic operation, without having to press any buttons.

Noise Reduction

Suppresses ambient noises.

Acoustic Echo Cancellation

Prevents annoying echoes.

- ✓ **Contactless:** infrared sensors detect, whether a person is standing in front of the device
- ✓ **Retrofitting:** No integration into existing systems or networks required
- ✓ **Hygiene:** Simply clean the unit with surface cleaner
- ✓ **Volume:** Easy to adjust
- ✓ **No extensive training** of personnel necessary

Complete set consisting of:

- 1 × intercom unit for customer
- 1 × intercom unit for staff
- 1 × power supply unit
- incl. cable (connecting cable: 1m, power cable: 2m)
- incl. double-sided adhesive tape

VoiceBridge Set: Standard 2nd Generation
